Professional Summary

MSc Data Science student with a background in Mathematics and Computer Science and skills in Python, SQL, and data processing. Experienced in ETL workflows and data transformation through academic projects. Interested in data engineering, database management, and building reliable data pipelines.

Education

MSc in Data Science **CGPA: 8.61/10**
Manipal Academy of Higher Education (MAHE), Manipal 2025 – 2027 (Expected)

BSc in Mathematics & Computer Science **CGPA: 8.79/10**
Nrupathunga University, Bengaluru 2022 – 2025

Technical Skills

Programming: Python, SQL, PySpark

Data Engineering: ETL, Data Cleaning, Data Transformation, Data Validation

Databases: SQL Server, MySQL

Tools: Excel, Power BI, Microsoft Azure, Git/GitHub

Experience

Statistical Consultant (Academic) *Feb 2026 – Present*
Department of Applied Statistics and Data Science, PSPH, MAHE

- Supported healthcare research through data preparation, exploratory data analysis, statistical analysis, and interpretation of results.

Projects

1. Coffee Shop Sales ETL & Power BI Dashboard

- Developed a Python ETL workflow to process 149,116 sales records and load data into SQL Server.
- Automated pipeline execution using Windows Task Scheduler.
- Created a Power BI dashboard to analyze revenue, transactions, and sales trends.

2. Cardiometabolic Morbidity Prediction in Elderly Indians

- Analyzed LASI data to study cardiometabolic morbidity among elderly Indians.
- Compared 11 machine learning models and evaluated their predictive performance.
- Used SHAP to identify important predictors; research paper under review at a Springer Nature journal.

3. Knowledge Drift Analysis in Medical NLP Models

- Analyzed HER2-related medical research abstracts from 2020 and 2025.
- Evaluated 21 combinations of biomedical language models and machine learning classifiers.
- Developed a Knowledge Drift Index to measure changes in model performance over time.

Certifications

Excel Skills for Business: Essentials, Intermediate I & II — Coursera (Macquarie University)

Languages

English, Telugu, Kannada
